- 🐾 3/1: Report Cards come home

PTA

The next PTA meeting will be February 5th at 5:30pm

SAC

School Accountability will meet this month on the 15th of January. Please note the earlier start time of 5:15pm as Kindergarten interest night will begin at 6:00pm. This month SAC will be dialoging around the 2019-2020 school budget and deciding whether or not to eliminate school fees for families for the upcoming school year. Your input is important in making these decisions.

Campbell Families,

In an effort to continue to increase our communication with families and our community, we have created both [Facebook](#) and [Twitter](#) accounts for easy access on happenings at Campbell. We will continue to send information through the Family Update each month, school messenger each Sunday, Friday folders and the Jeffco APP. This month you will also notice new website pages for classroom teachers. Our hope is whatever means of communication is most convenient for you; we will be providing relevant content that reaches you.

January is a busy time around Campbell full of events and activities. Choice Enrollment opens January 22nd and Jeffco is using a new system to make enrollment easier for all current and incoming families. Additionally, this month information will be coming home on the next round of Cougars Clubs extra-curricular after school activities. Registration will be the 17th of January, with clubs beginning the last week in January. We are also preparing for this year's science fair which will be held on the 23rd of February. On the 6th of January there will be a workshop for students and guardians interested in participating.

We again want to celebrate all of our students and families for recognition by the state of Colorado as a Governor's Distinguished Award recipient. This honor validates Campbell's goal to ensure that ALL students learn to their fullest potential as it is given to schools whose entire student body makes tremendous growth in all academic areas. With Choice Enrollment right around the corner, we are asking that you share with neighbors and friends, the great work that is taking place at Campbell.

Finally, as you set some New Year's Resolutions, consider making one to take time each day to visit with your child about school, if it is not already a habit. Speaking with your student(s) about what they are learning in school demonstrates that you value their education. Questions that may get more detailed responses might include:

- How did you feel about school today?
- What did you do today you are most proud of?
- Why did you learn that today and/or when will you use it?
- What was a hard decision you made today?

Our goal is for students to be able to transfer the learning they do in the classroom to authentic experiences outside the school building. We believe that this is true learning that will benefit students for years to come.

Warm Regards,
Ryan Stadler

Important Announcements/Reminders

- **Social Media:** Please stay connected with Campbell by visiting our website at www.campbellelementary.org. You can also keep up with Campbell by following us on Twitter; [@CampbellArvada](#), CampbellElementarySchool on [Facebook](#), or downloading the [Jeffco APP](#) and selecting Campbell as a school to follow.
