PTA

It is not too late to support our PTA by joining and providing the small fee that leads to so many activities for our students. Leading up to winter break, this will include multiple snack sales, the holiday shop where students can purchase gifts for their families and community events like Dine to Donate where families are able come together at restaurants to see each other and enjoy a meal.

Campbell Families,

All of us at Campbell want to thank you for your vested involvement with Parent Teacher Conferences last month. Seeing so many families within our community here at school working together to support students is an amazing sight. We hope that you also were able to take advantage of the wild array of donations from our community partnership with JoAnne's Fabric Stores. Campbell strives to make connections with many community partners, that support the educational endeavors of our school, and this is one that we can share with you. If you have any other community connections, let us know. During conferences, many of you discussed ways to support your children at home. Likely, one of the greatest takeaways was the value in reading to, with, or listening to your child read each day. Not only is this time of vital importance in the educational growth of your son or daughter, but also is a precious opportunity to spend quality time together.

It is hard to believe that we are two and half weeks from Thanksgiving break. Students will not have school from November 19th through the 23rd. In these upcoming weeks, however, students will be busy with a multitude of academic and social learning at Campbell. Hopefully, your child has been sharing about our focus of the importance of treat others with kindness. This year, Campbell has implemented Random Acts of Kindness (RAK), a social emotional learning program that supports students with lessons and activities to inspire children to take care of others around them. This curriculum directly aligns to our 4 R's of; Respect, Responsibility, Resourceful, and Ready to Learn. Ask your child about ideas they have discussed. We also have continued to infuse a multitude of opportunities for students to integrate technology into instruction. At Campbell, we understand the ever increasing resources available to students for learning, and hope to continue to lead the way in best practices to teach children how to safely use them. These great tools will guarantee our students leave Campbell with a great understanding of technology and how it is integrated into our everyday lives. Students should be able to demonstrate to you nightly how the used technology alongside their learning.

Thanks so much for your continuous support and as usual if you have any questions, feedback or compliments don't hesitate to give me a call or send me an email at ryan.stadler@jeffco.k12.co.us

Important Announcements/Reminders

- **Cold Weather:** As the weather get colder, please send students to school with coats, hats and gloves each day. We will have outdoor recess unless the temperature is below twenty degrees or there is measurable precipitation.
